5. **Accounting of Disclosures.** All of our patients have the right to request an “accounting of disclosures.” An “accounting of disclosures” is a list of certain non-routine disclosures ACCESS Group, Inc. has made of your PHI for non-treatment, non-payment or non-operations purposes. Use of your PHI as part of the routine patient care in ACCESS Group, Inc. is not required to be documented. For example, the doctor sharing information with the nurse; or the billing department using your information to file your insurance claim. Also, we are not required to document disclosures made pursuant to an authorization signed by you. In order to obtain an accounting of disclosures, you must submit your request in writing to the Privacy Officer. All requests
for an “accounting of disclosures” must state a time period, which may not be longer than six (6) years from the date of disclosure and may not include dates before April 14, 2003. The first list you request within a 12-month period is free of charge, but ACCESS Group, Inc. may charge you for additional lists within the same 12-month period. ACCESS Group, Inc. will notify you of the costs involved with additional requests, and you may withdraw your request before you incur any costs.

6. **Right to a Paper Copy of This Notice.** You are entitled to receive a paper copy of our notice of privacy practices. You may ask us to give you a copy of this notice at any time. To obtain a paper copy of this notice, contact the Privacy Officer.

7. **Right to File a Complaint.** If you believe your privacy rights have been violated, you may file a complaint with ACCESS Group, Inc. or with the Secretary of the Department of Health and Human Services. To file a complaint with ACCESS Group, Inc., contact the Privacy Officer. We urge you to file your complaint with us first and give us the opportunity to address your concerns. All complaints must be submitted in writing. **You will not be penalized for filing a complaint.**

8. **Right to Provide an Authorization for Other Uses and Disclosures.** ACCESS Group, Inc. will obtain your written authorization for uses and disclosures that are not identified by this notice or permitted by applicable law. Any authorization you provide to us regarding the use and disclosure of your PHI may be revoked at any time in writing. After you revoke your authorization, we will no longer use or disclose your PHI for the reasons described in the authorization. Please note, we are required to retain records of your care.

Again, if you have any questions regarding this notice or our health information privacy policies, please contact the Privacy Officer.
Patient Financial Policy

Patient’s Name: ________________________________________________

Commercial Insurance Carriers: We will check your insurance policy to determine eligible benefits for services. This is a service to you and does not guarantee that your insurance will pay as quoted in the benefit verification process. We bill most insurance carriers for you if proper insurance information is provided to us. Although we may bill your insurance company for you, the parents or guardians are responsible for the entire amount of each visit and are responsible to make certain all referrals and insurance authorizations are in order for all sessions.

We require payment for deductibles, co-payments and your portion of the services, as figured from your insurance policy, at the time of service. If a refund is due after receiving payment from your private insurance, we will refund that amount to you within 30 days of receipt of payment from the insurance company.

Private Pay: A flat rate of $1500.00 is due in full at the time of the diagnostic interview. No insurance will be filed.

Methods of Payment: Our office accepts Cash, Personal Check, Master Card and Visa. If not paid according to terms, the parents or guardians understand that our office reports to an outside collection agency.

For returned checks we assess a $25.00 NSF charge. We report returned checks that are not paid within 2 weeks of being returned to our office to the local district attorney’s office.

The parent, guardian and/or responsible party is ultimately responsible for all fees for services. Signature below indicates I have read, understand and agree to the above financial policy for payments of services.

Consent for Psycho-Educational Evaluation and/or Treatment

Client_____________________________________________      DOB___________________________

I, ____________________________________________________, the undersigned, hereby attest that I have voluntarily agreed to, or given my consent for the minor or person under my legal guardianship mentioned above, a psycho-educational evaluation or treatment with Sabine S. Falls, Ph.D. The rights, risks and benefits associated with it have been explained to me.

Non-Voluntary Discharge from Treatment: A client may be terminated non-voluntarily, if: A) the client exhibits physical violence, verbal abuse, carries weapons, or engages in illegal acts at ACCESS Group, Inc., and/or B) the client refuses to comply with stipulated program rules, refuses to comply with treatment recommendations, or does not make payment or payment arrangements in a timely manner. The client will be notified of the non-voluntary discharge by letter.

Client Notice of Confidentiality: The confidentiality of patient records is protected by Federal and/or State law and regulations. Generally, information that a patient receives services or any information identifying a patient will not be disclosed, unless: 1) the patient consents in writing, 2) the disclosure is allowed by a court order, or 3) the disclosure is made to medical personnel in a medical emergency, or to qualified personnel for research, audit, or program evaluation.

Violation of Federal and/or State law and regulations by a treatment facility or provider is a crime. Suspected violations may be reported to appropriate authorities. Federal and/or State law and regulations do not protect any information about a crime committed by a patient at ACCESS Group, Inc. or about any threat to commit such a crime. Federal law and regulations do not protect any information about suspected child (or vulnerable adult) abuse or neglect, or adult abuse from being reported under Federal and/or State law to appropriate State or Local authorities. Health care professionals are required to report admitted prenatal exposure to controlled substances that are potentially harmful. It is ACCESS Group, Inc.’s duty to warn any potential victim, when a significant threat of harm has been made. In the event of a client’s death, the spouse or parents of a deceased client have a right to access their child’s or spouse’s records. Professional misconduct by a health care professional must be reported by other health care professionals, in which related client records may be released to substantiate disciplinary concerns. Parents or legal guardians of non-emancipated minor clients have the right to access the client’s records. When fees are not paid in a timely manner, a collection agency will be given appropriate billing and financial information about client, not clinical information.

I consent to psycho-educational evaluation and/or treatment and agree to abide by the above stated policies and agreements.
